THURSDAY MORNING'S DISPATCHES.

HIGHLY IMPORTANT NEWS FROM MADRID!

Grant's Ultimatum Doubtless Refused by Castellar!

SICKLES LEAVING MADRID!

WAR ALMOST POSITIVE!

THE AMERICAN FLEET TO MOVE TO KEY WEST!

The U. S. Minister Entertains no Hopes of Amicable Adjustment!

[The following dispatches were received on Thursday, and issued by us in Extra form, but as many of our readers have not seen them, we publish them in full this morning.—ED. NEWS.]

NEW YORK, Midnight,
November 26th, 1873.

The *Herald* will publish the following special dispatch to-morrow:

PARIS, Nov. 26th.—The following dispatch has just arrived in cypher from the *Herald* correspondent in Madrid:

MADRID, Nov. 26.—The situation is grave. On the 19th Gen. Sickles by order of President Grant, delivered a formal ultimatum to President Castellar, demanding prompt and vigorous reparation for the insult to the flag and the restoration of the Virginius prisoners and indemnity to the families of the murdered and the punishment of the murderers, and also a guarantee against future outrages in Cuba. The demand was couched in a kind and sympathetic tone, but no alternative was given. Gen. Sickles was also instructed to say that if Castellar did not comply with the demand in a week he should ask for his passport and leave Madrid with the legation. The time expires to-day, and no answer has been received. Everything at the legation is packed up ready for immediate departure. Sickles has no hope that the ultimatum will be complied with and telegraphed to Paris yesterday to have all his official correspondence that might be there, kept for a few days. Gen. Sickles, in conversation, says he does not see how war can be avoided, as Castellar can give no assurance that the order will be obeyed in Cuba. Public feeling is also opposed to concessions. Unless Castellar responds this evening, Gen. Sickles leaves immediately. All the American ships in the Mediterranian have been ordered to Key West in the event of Gen. Sickles leaving.

The British Minister will probably protect the archives and the American residents. President Castellar is personally anxious to accept the British Minister's good offices to effect a compromise, but there is no hope to night.

NEW YORK, Nov. 27.—Dispatches from Lewes, Delaware, last night 8 p. m., says, the Powhatan with iron clad Manhattan in tow, was passing out to sea.

At a Cuban Junta meeting yesterday it was announced that a private letter from Santiago stated that 20 men who had embraced the Catholic faith, did so on condition that their lives should be spared. They were however shot.

A letter from Havana says that Gen. Burriell has issued a circular to the Lieutenant Governors and Captains of the Eastern Department, calling on them to aid in crushing the rebellion by arresting all persons suspected of complicity with the insurgents, who soon, he says, with all help cut off by sea and land, will perish like wild beasts as they deserve.

BOSTON, Nov. 27.—A dispatch report says that a number of the Eastern mills which have suspended operations are about to resume operations.

THURSDAY'S MIDNIGHT TELEGRAMS.

FROM THE CAPITAL.

The Spanish Imbroglio—The Sinking of the Virginus—Rumors of New Complications—The Silence of Officials.

WASHINGTON, Nov. 27.—The State Department has become intensely silent. It is stated that a cypher dispatch from Madrid has been received, upon which experts were busy up to 5 o'clock this morning, without having concluded their translation. It is stated to-night that one point of the United States demand has been been settled by the scutling and sinking of the Virginius in the harbor of Havana. The general impression, which seems to be well founded, exists of the renewal of complications. The silence of the wires from Madrid and Havana and the reticence of functionaries here indicate it.

MIDNIGHT DISPATCHES.

THE WAR CLOUD.

The Cabinet in Session—Press Telegrams Suppresed—The Ultimatum of the President—Washington Advices More Hopeful, Though a Single Telegram Might Bring on War—The Spanish Authorities in Cuba Defiant—No Reparation will be Made, Even Under Castellar's Order.

WASHINGTON, Nov. 28.—A prolonged Cabinet meeting was held today. The Secretary's are uncommunicative.

It is probable that press telegrams from Havana and Madrid are withheld from the wires.

It is ascertained that the ultimatum to Spain is the restoration of the Virginius, to salute the flag, release those alive, reparation to the families of those killed and guarantees for the future. Should Spain fail or be unable to enforce these terms, the President and the West and South are for war. Punishment of Cuban officials or the abolition of slavery in Cuba do not enter into controversy. Negotiations are still progressing and the result depends upon dispatches from Spain.

WASHINGTON, Nov. 28.—The Cabinet were in session 2½ hours to-day, giving earnest attention to the questions pending between the United States and Spain. It was remarked by a Cabinet officer, after adjournment, that the business was in such a condition that a single telegram on either side might change the whole course of the proceeding. To-night it can be confidently said that the question has assumed a more favorable aspect than it bore this morning, and that there are strong reasons for expecting results entirely satisfactory, and it can be added on the same competent authority that although nothing has yet been reduced to precise terms, the situation is very hopeful.

NEW YORK, Nov. 28.—A letter from Havana says the people there would refuse to allow any order from Madrid to deliver up the Virginius, or make other reparations for her seizure and execution of her crew, to be carried out. Preparations for defence are are being actively pushed forward, guns are being mounted at all suitable points, advertisements appear in different ports for an unlimited number to work on the arsenals. Volunteers have orders to drill two or three times a week. *Voz de Cuba* says, in regard to the report from Washington that Castellar has telegraphed the Capt. General to execute no more of the Virginius prisoners, it can not be true, since the sentences have been imposed by a tribunal of justice in accordance with our laws. The Executive of the Spanish republic has not sufficient power to issue such an absurd order. It says the Capt. General of the Island, in order to extinguish the rebellion, has the power to impose the death penalty on any one taken in acts of treason and force against the Government, and asks how then would the Executive of Spanish republic dare to govern in contravention of the law, and to override justice, exposing his authority to contempt merely to please certain foreign prelates.

LOCAL BRIEFS—

See the notice of Feather Beds for rent.

See fourth page for continued local matter.

The Board of Trade will meet this afternoon at 3 o'clock.

Evans' *Independent* will be issued Monday, December 1st.

The Chapman Sisters will open at Tucker Hall on Monday evening.

A bay-horse mule has strayed from near Smithfield. See notice elsewhere.

The war feeling is running high here. There are any amount of offers to send poor relations.

The eastward bound mail train on the North Carlina Railroad arrived yesterday morning some two hours behind time.

The street of the city were thronged yesterday. The argument of the injunction case, in the Federal Court, attracted a great many.

In making out our subscription accounts recently mistakes doubtless occurred in many instances. It is only necessary to bring the matter to our notice and we will cheerfully correct all errors.

In our report in Thursday's issue of the visit of Seaton Gales Lodge to Manteo Lodge on Tuesday night, we inadvertently omitted to mention that Major Basil Manly, acting Vice Grand of Seaton Gales Lodge, replied to the reception speech of Maj. Gales, acting as Noble Grand of Manteo. We are pleased to say that Major M. acquitted himself in a handsome manner.

Thursday evening, soon after the reception of the Cuban war telegrams, the DAILY NEWS issued an extra which was circulated by hundreds to our patrons in the city. The "Extras" created considerable excitement and commotion on the streets, and our carriers were at several points blocked in by the anxious crowd eager to obtain a copy. At the corner of Martin and Fayetteville streets a large crowd surrounded one of the carriers who issued his war bulletins as fast as his capacity would admit of. The crowd attracted the attention of a number of Federal Court witnesses from Wake, Chatham and Johnston counties, who naturally asked "what them papers were about?" "Announcing a war with Spain," answered a gentleman. Just at this moment, Ramsay, the Great International Temperance Apostle, &c., had out his drums and fifes with banners flying, announcing Hartley's lecture at Tucker Hall. The object of the "drumming" was misconstrued by the witnesses, and a general stampede for their homes ensued. Yesterday reports came from nearly every township in the county that they were drafting soldiers for Cuba in Raleigh, the war had commenced, and troops were moving.

THANKS.—We return thanks to Mrs. Rowe for an invitation to be present at the Thanksgiving dinner at the Exchange Hotel Thursday. We seriously regret that absence from the city prevented our being present, as the well known reputation of Mrs. Rowe and the Exchange Hotel justify us in saying that we missed a rich treat.

By Mr. Morehead, of Guilford, amended by Mr. Allen, a motion to instruct the President and Clerk of the Senate to append an explanatory note to the report of the Executive session of last session, ordered to be printed.

By Mr. Waring, a resolution in regard to the Mecklenburg Declaration of Independence. The resolution reads as follows:

"*Whereas*, The Legislature of North Carolina have on two several occasions, first in 1836 by appending it to the Revised Statutes, and again in 1854 by appending it to the Revised Code, put forth to the world the Mecklenburg Declaration of Independence of May, 1775, as a true and genuine document; and,

Whereas, by these several official acts the faith of the State was pledged to a belief in its genuineness; and

Whereas, lately certain parties have questioned its genuineness and attempted to throw a doubt around the transaction; and

Whereas, it is not only due and eminently proper, that an effort should be made to clear up all doubts but that the good faith of the State is involved in showing that as a people we have not been merely bragging of an action never performed, but we honestly and sincerely believed that the people of the "Hornet Nest" of the Revolution were the very first to declare their independence of the British Crown, and that Charlotte was in very truth and fact, the "cradle of liberty."

Therefore, Resolved by the Senate of N. Carolina, the House of Representatives concurring, that the Hon. W. A. Graham, be earnestly requested and cordially invited to prepare a document setting forth all the facts bearing on this subject to vindicate the truth of the claims set up by the people of Mecklenburg, and to maintain the character of previous Legislatures for fidelity to the honor of the State and to the truth of history.

Resolved further, That should the Hon. W. A. Graham accept the invitation, that he be authorized to draw on the Treasurer for all the funds necessary to enable him to examine the Libraries of New York and to procure copies of all documents now on file in the Foreign office in London relative to the period, and important to the accurate and correct writing of this portion of the history of the State, and that it be left optional with him to publish his essay when prepared or to embody the facts in an address to be delivered at the Centennial celebration to be held in Charlotte the 20th of May, 1875."

Mr. Waring said in advocating the passage of the resolution, that the object of the resolution was merely to establish the facts of previous legislation. In mentioning the name of Hon. W. A. Graham, Mr. Waring passed a just tribute to the ability and capacity of this distinguished gentleman.

Mr. Love thought this was not a matter for the Senate but for the Mayor and Commissioners of Charlotte.

Mr. Waring said the importance of the establishment of this fact which could be done was not confined to Charlotte but to the whole State, and insisted that it was but repeating the course of this General Assembly on two previous occasions naming the date of the acts, and argued at some length in favor of the resolution.

Mr. Love and Harris, col., opposed the resolution on the grounds that such action on the part of the Senate would imply a doubt in regard to that instrument.

Mr. Norwood said it was unfortunate that the resolution was introduced; that the great seal of the State had expressed its opinion of the genuineness of the Mecklenburg Declaration, and additional action was unnecessary.

The motion of Mr. Norwood to refer the resolution to a Joint Select Committee occasioned a considereble discussion participated in by Messrs. Fove, Norwood, Waring and Harris.

Mr. Avera was as well satisfied as that the Mecklenburg Declaration was made on the 20th of May as that Jesus Christ was born in the city of Bethlehem in Judea, and that to prevent any action on the part of the Senate as implying a doubt, he would move to lay the resolution on the table.

The yeas and nays were called and the motion failed by 27 nays to 4 ayes.

The question then recurred on Mr. Norwood's motion which after discussion by Messrs. Waring and Love, was adopted.

Senate adjourned till 11 o'clock to-morrow.

(NOTE.—Omission in report of 26 inst., Mr. Morehead, of Guilford, asked leave of absence, which was granted, for Mr. Barnhardt, of Cabarrus, from beginning of session until the 26, on account of sickness.)

INJUNCTION.—Injunctions seem to be the order of the day. Yesterday an injunction was granted by Judge Bond in favor of Swazey and others, restraining the North Carolina Railroad from paying out any monies to the Western North Carolina Railroad, and also restraining the North Carolina Railroad from drawing any draft on the Richmond and Danville Railroad for any part of the money due by that road to the North Carolina Railroad for its lease, &c., in favor of the Western North Carolina Road. This is doubtless intended as a slap at the consolidation bill which comes up as the special order before the Senate Tuesday at 12:30 o'clock. We shall see, what we will see.

HON. REVERDY JOHNSON.

What He Thinks of the Late War News—Arbitration Recommended, Etc.

We had the pleasure of an interview yesterday with Hon. Reverdy Johnson, who, with his son-in-law, Mr. Kerr, Attorney at law from Baltimore, is now stopping at the Yarboro House in this city. It is known by our readers that Mr. Johnson is of counsel for the Plaintiffs in the injunction suit of Alfred Self *et al.* against David A. Jenkins, Public Treasurer of North Carolina.

Mr. Johnson manifested a deep interest in the dispatches published in the DAILY NEWS EXTRA of Thursday last, and was of the opinion that the dispatches of yesterday morning were in the main confirmatory thereof. He thought the complications between Spain and the United States were of a very grave and serious character, but he did not think that war was desirable or necessary in the present crisis. His hope was that it might be averted by arbitration.

"Do you think, Mr. Johnson, arbitration would be satisfactory to the popular sentiment, in view of the present feeling of indignation against Spain?"

"How could our Government refuse it, if England should make the proposition?" he answered. "Certainly, there could be no good reason given why we should not submit our cause to disinterested parties to say what shall be a just settlement of the trouble and what apology and reparation Spain ought to make under the circumstances."

"Mr. Johnson, what think you will be the effect of the sinking of the Virginius by the Spanish authorities, in the face of the demands by our Government that the vessel should be delivered up to our authorities?"

"Well, that would only make it impossible for the Spanish Government to comply with the specific demand, but the act itself of the destruction of the vessel would not add seriously to the embarrassment of the question. You remember about ten years ago, when Wm. H. Seward was Secretary of the State, Brazil made a demand upon the United States for the surrender of one of her vessels which had been captured on the high seas, but before the demand was complied with the vessel was sunk. Mr. Seward made the necessary apology to the Brazilian Government, which was duly accepted."

"Mr. Jonnson, some of our people think that a war between Spain and the United States would produce at least two good effects—the fraternization of the North and the South; and the inflation of the currency, which would relieve the present stringency in the money market and cause an advance in cotton. Do you think such would be the result?"

"Very likely. It is natural we should favor what we think will directly benefit ourselves. But war should always be avoided if it possibly can be done consistently with the honor and rights of the nation. There can be no objection urged against arbitration, no matter what atrocities or indignities have been given by Spain. My views on the legal aspects of the case of the Virginius have been published in full in the Baltimore *American*, and I see you copied an extract or synopsis in your paper. I think it very probable that Mr. Sickles is in favor of war, and his conduct at Madrid may have tended to complicate matters, but on this point I cannot speak positively. I do not understand why there is any difficulty about translating the cypher dispatches at Washington City. The fact that Secretary Fish was communicating directly with the Spanish Ministry, through Admiral Polo on Wednesday, was no evidence that the Government was ignoring Sickle's services."

Mr. Johnson was anxious to receive farther intelligence before putting implicit faith in the war-like special dispatches to the *Herald*, but it is evident that he is apprehensive that affairs have taken a serious turn, and that it is only by the exercise of prudence and discretion on the part of Spain and the United States that war can be avoided

In regard to the acquisition of Cuba by the United States, Mr. Johnson asked what would the United States do with it? He did not think it would be any advantage to us in a political point of view. The negroes there largely outnumbered the whites, nearly two to one, and could control the politics of the Island on account of their numerical strength. Of course they would be invested with the elective franchise. He did not think the expansion of our territorial limits desirable, as the Government had quite as much already as it could well manage.

FRANKLIN STEAM WASHER.—Another feather has been placed in the cap of this truly celebrated "Washer." The Charlotte Fair has just awarded it the first premium. It is too well known and highly appreciated for anything that we can say to add to its fame. The New York *South* says: "It certainly will prove a great blessing to the women of the land."

CORRECTION.—It was not Hon. Wm. P. Bynum, of Charlotte, the newly appointed Judge of the Supreme Court, but his son Wm. S. Bynum, of Lincolton, who has abandoned the profession of law to study for the ministry of the Episcopal Church. Judge Bynum has accepted the appointment tendered him on the Supreme Court bench.

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

SATURDAY.....NOVEMBER 29, 1873.

THE sinking of the Virginius by the Spanish authorities will have a tendency to increase the war feeling against Spain.

MR. E. B. SANDERS, late of Onslow county, has taken a position on the Wilmington *Post* as Associate Editor. The *Post*, although Republican in politics, is not bitter, or vindictive, or scurrilous, but is always respectful to its opponents. Barring its politics, it is a good newspaper.

THE *Southern Home*, under the editorial managment of Gen. D. H. HILL and Capt. R. A. SHOTWELL, has been recently enlarged and otherwise improved.

The *Southern Home*, in point of ability, stands in the first rank of Southern newspapers, and it affords us sincere pleasure to know that the patronage which has been extended it justifies its enlargement.

We wish it many years of continued usefulness, success and prosperity.

IN case of a war between the United States and Spain, which in the light of the latest dispatches now seems imminent, if not almost certain, it would be the part of wisdom and policy on the part of our Government to pursue such a course as would unite the two sections of the country in feeling and purpose. This can only be done by giving to ex-Confederate officers and soldiers an equal chance and an equal voice with those of the North. Any distinction on account of sectional feeling or prejudice will have an injurious effect in repressing the ardor with which the people of the South might enter the contest, if permitted to do so on equal terms.

War And Rumors of War.

The public was entirely unprepared for the exciting news contained in our dispatches of Thursday morning—which were published in an *extra* issued from the DAILY NEWS office. See our telegraphic columns this morning.

The pacific character of the telegrams of Wednesday induced us to believe that the speck of war with Spain had almost entirely disappeared. But rumors have been again set afloat which render the situation more embarrassing than ever, and the war cloud again looms up gloomily in the prospective.

The telegrams to-day which have not yet come to hand are looked for with eagerness.

Mr. McNeill's Resolutions.

The resolutions on the subject of the Special Tax Bonds, introduced in the House of Representatives, soon after the meeting of the Legislature, by Mr. MCNEILL, of Robeson, were on Wednesday last ordered to be printed, and will come up for discussion at an early day.

These resolutions are prefaced by a lengthy preamble, giving a full history of the manner in which these bonds were issued, together with all the constitutional provisions relating to the subject of taxation, in which it is shown that the tax levied to pay interest on these bonds is unconstitutional. The preamble refers to the manner in which the General Assembly of 1868-'9 was chosen—not by the free exercise of the elective franchise on the part of the people of North Carolina, and therefore holds the public debt created by that Legislature is not valid. It further holds that the people have received no benefit from the said Bonds—that it is the duty of the Legislature to set the seal of condemnation on the fraudulent and illegal issue of State Bonds—"to warn all men that Bonds procured to be issued by bribery and degrading influences exerted on American Legislatures will be disowned by the people, and to establish forever that elections must be freely held to constitute Legislatures the lawful agents of the people."

The resolutions then declare that the Special Tax Bonds of 1868-'9 should not be recognized as forming a part of the State debt—that the Public Treasurer be directed not to mention or note said pretended Bonds on the books of his office—and that it shall be unlawful for him to pay out any public moneys for interest or principal of said Bonds.

These resolutions are important, and are in consonance with public sentiment.

Northern Methodism.

There is a warm discussion now going on in some of the Methodist newspapers in regard to the objects and purposes of the Northern Methodist Church, in the policy it has pursued since the close of the war of sending its agents and emissaries to the Southern States, to disseminate its doctrines and establish its organs. Of course the primary object which the Northern Church has in view is to increase its membership and thus add to its power and influence. But the chief points under consideration in the discussion are the means employed to effectuate this purpose—whether or not it is to be accomplished under the policy of *Disintegration and Absorption*—that is, whether the Methodist Church South is to have "its structure torn down and broken in pieces," thus permitting that branch of the Church to be "absorbed," or "out of its broken fragments to rehabilitate" the Northern Church in the Southern field.

The unfortunate division of the Methodist Church before the war, into the Methodist Church North and the Methodist Church South, was caused directly and solely by the ultra abolition views of the former, and the offensive distinctions which the Northern brethren insisted on making as between the representatives of the two sections, whenever they met in general meetings and conferences. This division and the ill-feeling it engendered between the North and the South, together with the politico-fanatical sermons that were fulminated from the Northern pulpits, had much to do with dissevering the political relations of the two sections and with hastening, if not actually bringing on, the disastrous civil war that ensued. We believe that the division of the Methodist Church, was one of the entering wedges of the secession movement, and we believe farther that the whole responsibility of that division rests upon the Northern branch of the Church.

In the same spirit of dictation and officiousness, that branch is now engaged in the work of establishing a footing in the Southern States. It sends its agents and its editors in our midst, to bring over to its side such of the old members of the Methodist Church South as it can entice from the fold of that Church, and such new converts as it can influence to choose fellowship with the Methodist Church North, in preference to fellowship with the Methodist Church South.

DR. CURRY, of the New York *Christian Advocate* is the recognized originator and leader of this characteristic movement. He plainly and candidly states what he means by the doctrine of *Disintegration and Absorption*—a term manufactured by himself soon after the close of the war. He acknowledges that the Methodist Church North went to the South to set up its banner, to invite all who might choose to do so, to come and join it. He says "the attracting those persons away from their former Church relations was a "disintegration; their reception to membership in our Church was an 'absorption.'" Dr. COBLEIGH, Editor of a Northern Methodist paper, published at Atlanta, Georgia, denies that this is the purpose of the Northern Methodist Church in sending its agents into the South to solicit membership; but he does not deny that the *effect* of such action is to *disintegrate and absorb*. So the real difference is that betweent weedledum and tweedledee.

The *Christian Advocate* of this city, the organ of the Methodist denomination in North Carolina, had an editorial last week of nearly two columns, on the discussion between these two learned D. D.'s of the Northern Methodist Church, and points out the variance between their positions and statements. It gives Dr. CURRY credit for consistency at least, and evidently thinks he has got the better of the debate with Dr. COBLEIGH. The *Advocate* does not think it material which is right or which is wrong—but predicts that the game of *Disintegration and Absorption* will be a failure—"a shameful, disgraceful failure." It denounces the scheme as a humbug—and does not think the better class of Southerners will be caught by the bait.

In this connection, the *Aduocate* very justly rebukes the horrible miscegenation doctrines of Bishop HAVEN—a minister in high standing with the Methodist Church North—who advises "white gentlemen to marry ladies *less white*, and who says such a union will make an improved breed—the best the country has today, and which will be so reckoned in the boudoirs of Newport and the court of Washington ere many years. The *Advocate* calls attention to the fact that the Northern Church has not only refused to censure HAVEN for these disgraceful utterances, but has actually endorsed them by electing him Bishop at the General Conference and appointing him to labor among the colored people of the South.

SEIZURE OF GERMAN VESSELS BY A SPANISH MAN-OF-WAR.—San Francisco, November 24.—The Steamer Great Republic brings the following intelligence from China:

"The steamer Seipka brought to Kong Kong the news of the seizure of the German vessels Maria Louise and Gazelle by a Spanish man-of-war off Sooloo. The vessels were brought to Manilla. The crew of the Gazelle were liberated. The captain and supercargo of the Maria Louise managed to escape, and the Spaniards declare that they will be treated as spies if caught outside the respective consulates. The supercargo claims the protection of the British Consul, and the captain that of Germany. The latter states that the vessels were sixteen miles off Sooloo when captured, and that according to law the blockade extends only nine miles; and further, that the Spanish authorities had not declared any blockade."

Bishop George D. Cummins, who recently resigned his bishopric in Kentucky and withdrew from the communion of the Protestant Episcopal Church, was formerly a Methodist minister. Twenty-eight years ago he was the junior preacher of the Jefferson (W. Va.,) Circuit, and was a member of the Baltimore Annual Conference.

The Young Men's Colored Republican Association of Boston, resolved, at a recent meeting, not to support any candidate for office who is unwilling to give them a fair representation in the municipal government.

The Trial of T. T. Broocks for Embezzling.

The examination of Mr. T. T. Broocks, of Petersburg, Va., charged with embezzling the funds of one of the National Banks of Petersburg, Va., was heard before U. S. Commissioner Pleasants, in Richmond, this week. The examination was conducted by District Attorney Wells for the United States, and John Lyon, Esq., for the defendant. The law under which the prosecution proceeds is to be found in the act of Congress of June 3d, 1864—chapter 106. Section 55 "That every president, director, cashier, teller, clerk, or agent of any association, who shall embezzle, abstract or wilfully misapply any of the moneys, funds or credits of the association, or shall without authority from the directors issue or put in circulation any of the notes of the association, or shall without any authority issue or put forth any certificate of deposit, draw any order or bill of exchange, make any acceptance, assign any note, bond, draft, bill of exchange, mortgage, judgment or decree, or shall make any false entry in any book, report or statement of the association with intent in either case to injure or defraud the association or any other company, body politic, or corporate or any individual person, or to deceive any officer of the association or any agent appointed to examine the affairs of any such association, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by imprisonment not less than ten years."

The Commissioner held the accused for his appearance at the next term of the United States Court, he giving bail in the sum of $15,000.

The Farmers' Council of Virginia and North Carolina.

The second annual session of this Council convened in Petersburg on Tuesday, with the attendance large. The meeting was called to order by Major Richard V. Gains. The Petersburg papers give interesting accounts of the proceedings of both Tuesday and Wednesday, but we have not the space to condense their reports this morning.

PEARCE COTTON.

The above Cotton was introduced into this state by the undersigned about two years ago, this being the second crop. This cotton is of the long staple species, resembling in appearance, texture and staple, if not equal to the celebrated Sea Island Cotton, therefore commanding a price much above that of the best grade of the common kind. It is also the most prolific Cotton now known in the United States, so pronounced by many of our best planters who have seen it grow. It grows in clusters of from eight to twelve squares, and as many as five hundred and upwards of bolls and squares can be counted to the stalk, producing from three to four thousand pounds of seed cotton per acre on good land. It is also an earlier Cotton than the common kind.

Seed for sale by the undersigned at ten dollars per gallon, or four dollars per pound. Small quantities can be sent by Mail, large quantities by Express.

All monies for seed can either be sent by Registered Letter or Post Office Order, to the undersigned at Hillsboro, Nash Co., N. C.

Orders for seed will be promptly attended to. J. J. PEARCE.

It tears off no buttons, does not injure the finest fabric.

This Machine will wash cleaner, with less labor and time, than any other Machine ever offered to the public.

We feel confident that after giving this Machine a trial, it will prove satisfactory, and no other will buy.

SPECIAL NOTICES.

BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver, or "Billiousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexicam Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:

"For some ten or twelve years past I have been in the habit of using J. R. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an aperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.

H. POTTER."

Prepared by E. R. Beckwith, (successor to Dr. John Beckwith) Proprietor, Petersburg, Va. Sold by Druggist generally. 25 cents per box. Joseph Carr, Wholesale Agent, Petersburg, Va.

NORTH CAROLINA.

The Wilmington Fair commences in two weeks.

Cotton thieves are at work in Washington county.

It has rained in Milton nine Sundays in succession.

The Fayetteville Shakspeare Club is about to reorganize.

Two of the street cars of Wilmington will be dropped after to-day.

Large droves of hogs are passing through Asheville *en route* South.

The Chapman Sisters were to have performed in Wilmington last night.

An interesting revival has been in progress in the Methodist church at Greensboro.

The marriage record in North Carolina indicates nothing like suspension in that line.

The Chapman Sisters and Berger family of Swiss Bell Ringers are billed for Wilmington.

Col. O. P. Meares, of Wilmington, says the *Star*, will deliver the agricultural address at the Clinton Fair this week.

The Washington *Express* reports cotton thieves at work in its locality, whole bales are being stolen and carried off.

It is rumored that Judge Clark will remove to Wayne county, in the event that Craven is taken from that Judicial District.

The Goldsboro *Messenger* says that the general tone of business grows better, and the great danger is apparently left behind us.

The Greensboro *Patriot* understands that the matter of the Cheraw road was progressing encouragingly in Randolph and Montgomery counties when the report came that the English company declined to engage in the enterprise.

The Wilmington *Journal* corrects a report to the effect that Mr. B. C. Gorham, of Fayetteville, having absconded from his family in company with a young lady. He left with the full knowledge of his family, and only accompanied a young lady to Texas as a friend.

Says the Greensboro *Patriot*; "A fearful warning of the mishaps that may arise from over familiarity with show figures took place in one of our stores the other day, wherein one of our acquaintances, who, by the way, is a very modest man, threw his embracers rather carelessly around the form of the imaginary figure which lo, and behold, turned out to be a live woman standing by the stove to warm. Which was most non-plussed, the astonished gentlemen or the bewildered lady, it would be hard to tell. The mutual embarrassment was finally relieved by proper explanation. Our friend will give show figures all the room they want henceforth and for all time.

An Act to Amend the Charter of the North Carolina Railroad Company, to Enable the said Company to Purchase the Western North Carolina Railroad, and for other Purposes therein Mentioned.

The following bill was introduced in the State Senate on Tuesday by Col. L. W. Humphrey, which bill is of considerable interest to the North Carolina public. It is now being considered by the Legislature:

SECTION 1. *The General Assembly of North Carolina do enact, as follows:* That the North Carolina Railroad Company, a corporation chartered by the General Assembly, session 1848-'9, is hereby authororized to construct and make, or to purchase, hold and complete the construction of a railway from Salisbury to or near the line of division between this State and Tennessee, or either, or both of them.

SEC. 2. The said North Carolina Railroad Company may purchase the Western North Carolina Railroad, or any one or all the divisions of the same, whether at judicial sale or at any other sale that may be made thereof, and thenceforth may have, hold, possess and be entitled to the said Railroad and all its contracts, purchases, rights, privileges and immunities, and all the property and estate of every description, real and personal, belonging to the Western North Carolina Railroad Company, and by such purchase the said Company shall acquire all the rights, privileges and immunities conferred on the Western North Carolina Railroad Company by its charter and all amendments thereto.

SEC. 3. Said corporation, in case it shall become the purchaser of the Western North Carolina Railroad, is authorized to complete the construction of said Railroad and all its divisions, and shall have the necessary powers for doing so; and for the purpose of raising money to accomplish the purposes of this Act, the North Carolina Railroad Company may, at its option, make, execute and issue its bonds, payable with interest thereon, in United States currency or in gold, and in this country or any foreign country or State, and at any rate of interest its elect not exceeding eight per cent. per annum, and for any amount not exceeding seventeen thousand dollars per mile of roads and branches made or to be made, which bonds shall be signed by the President and attested by the Secretary of the Company and sealed with its corporate seal, and be wholly or partly in sums of five hundred or one thousand dollars, or each, with the usual half yearly interest coupons annexed. The principal and interest of said bonds to be made due and payable at such times, places and prices as the Directors may select, and said Company are hereby prohibited from ever resisting the payment thereof on the plea of usury. The proceeds arising from the sale of said bonds, and also from the sale of certificates of stock herein authorized to be issued, may be applied to the construction, purchasing and repairing of the railroads and branches, for equipping the same, for discharging any indebtedness of said Company and for purchasing any securities or liabilities which may embarrass the operations of said Company.

SEC. 4. To secure the payment of these bonds, and any other evidences of debt issued as aforesaid, and the interest thereon as the same becomes due, the said corporation may execute and deliver mortgage deeds, with power of sale, to such trustee or trustees as may be selected or agreed on, the same to be signed by the President and attested by the Secretary of said corporation, conveying its railway branches, franchises and property, including its road-bed, superstructure, equipment, choses in action, evidences of debt, and all its real and personal estate of whatever kind; and the said deed or deeds, when duly executed, may be recorded in the register's office in the county of Wake, and its registration in that county shall be deemed an official and sufficient registration for all purposes whatsoever, and give its priority and preference over all claims against said corporation, and it shall not be necessary to record or register the same in any other county, any law to the contrary notwithstanding.

SEC. 5. Immediately after the passage and ratification of this act it shall be the duty of the Governor to notify the President of the said North Carolina Railroad Company of the same, and it shall be the duty of the said President to call a meeting of the stockholders of the Company, and submit this Act and amendment of their charter for their acceptance or rejection, and if a majority of the stock so represented shall vote to accept the same it shall become a part of their charter.

SEC. 6. Upon acceptance of this Act by the said stockholders as above provided, there shall be a new organization of the said Company. The directors of such new organization shall elect a President and other officers, according to the provisions of its charter, and the Directors and the President and other officers of such new organization, shall hold their offices for the term of five years. The Governor shall have power to remove any one of the Directors appointed by him, for cause of which he is be the judge, and in case of such removal he shall have power to fill the vacancy. The Directors shall have a like power to remove, for cause of which they shall be the judge, any officer elected by them, and in case of such removal to fill the vacancy. When the said term of five years shall have expired, then the provisons of its charter shall be complied with in having annual meefings of stockholders and the appointment and election of Directors and officers. Immediately after the appointment and election of Directors and officers as herein provided, the terms of the Directors and officers now holding shall cease and determine, and they shall surrender the same and turn over the railroad property, papers and effects of the said Company to the newly-elected officers.

SEC. 7. The said North Carolina Railroad Company, for the purpose of raising means to enable it to carry out the purpose of this Act, shall have authority to issue certificates of stock to said Company to any amount, provided the par value of the same shall not exceed the sum expended in purchasing, constructing, completing and equiping the lines of railroad the company may acquire under the provisions of this Act.

SEC. 8. The Directors of the said Company shall be authorized to purchase from the stockholders of the same any of the stock owned by them.

SEC. 9. The said Company may, in like manner, purchase the Atlantic and North Carolina Railroad, and thenceforth may have, hold and possess the said Railroad, extending from Goldsboro to Morehead, and all its contracts, franchises, rights, privileges and immunities, and all the property and estate of every description, real and personal, belonging to the said Atlantic and North Carolina Railroad Company, and by such purchase the said North Carolina Railroad Company shall acquire and succeed to and exercise all the rights, privileges and immunities conferred on the said Atlantic and North Carolina Railroad Company by its charter and amendments made thereto.

SEC. 10. The said North Carolina Railroad Company shall also have the power and authority to purchase the Cincinnati, Cumberland Gap and Charlestown Railroad, a portion of which has been constructed from Morristown to Wolf Creek, in the State of Tennessee, and may thenceforth have, hold and possess the said Railroad and all its contracts, franchises, rights, privileges and immunities, and all the property and estate of every description, real and personal, belonging to the said Cincinnati, Cumberland Gap and Charlestown Railroad Company, and by such purchase the said Company shall acquire all the rights, powers and privileges and immunities conferred on the said Cincinnati, Cumberland Gap & Charlestown Railroad Company by its charter and all amendments to the same.

SEC. 11. The line of railroad so purchased and acquired shall become absorbed and merged into the said company and its whole line shall be known by the name of the North Carolina Railroad Company; that portion of its line from Salisbury through Asheville towards Morristown, shall be known as the Western Division of the North Carolina Railroad Company; that portion from Asheville in the direction of Georgia shall be known as the Southwestern Branch of the Western Division of the North Carolina Railroad, and that portion east of Goldsboro as the Eastern Division, &c.

SEC. 12. The said Company is authorized to build branch roads, to purchase or lease any other railroad upon such terms as the Directors may agree upon, and may operate and maintain the same.

SEC. 23. The said Company may increase its capital stock and for that purpose books of subscription may be opened. Subscriptions may be made on the part of individuals, municipal and other corporations, in lands, timber, work or money, as may be stipulated, and it may be lawful for any incorporated city or town, or any county in which said Railroad may be constructed to subscribe for such amount of stock in said Company as they or either of theirs shall be authorized to do by the voters of such city or town or county in manner and form as provided for in the act to incorporate the Planters' Railroad Company, ratified the first 1st day of March, 1870.

SEC. 14. The said Company may operate in divisions, separately, if the Directors so decide; in such case the division shall remain under the control and management of the said Directors and such officers and employees as they may appoint or employ.

SEC. 15. The said Company, in addition to the powers granted it by its act of incorporation and amendments thereto, and such as are herein conferred, shall have all the powers, rights, privileges and immunities of the most favored railway corporation heretofore granted by the General Assembly of this State.

SEC. 16. The Directors of the said Company shall have the power to change the location of any of the lines their said Company may purchase and to change the guage of the road of the said Company in order to make the gauge to conform with connecting roads, provided that the said gauge shall be made uniform through their whole line.

LOCAL MATTER.

U. S. CIRCUIT COURT.

THE SPECIAL TAX INJUNCTION CASE.

The Case Opened by Messrs. Budd and Strong.

Before the U. S. Circuit Court yesterday in Metropolitan Hall, Judges Brooks and Bond presiding, the case of Alfred Self, *et. al.*, vs. David A. Jenkins, originally set for Wednesday, was taken up, and upon the announcement of readiness by the counsel upon both sides, the jurors were discharged until Monday next. The case for the plaintiff was opened by Walter J. Budd, Esq., of Philadelphia, in an argument of more than two hours duration, which strongly presented the grounds upon which the plaintiff rested his case.

He read the Constitution of N. C. and the act authorizing the issues of bonds to the different Railroad Companies of the State, and argued from the opinion of the Supreme Court and the testimony of the defendant, David A. Jenkins, before the Fraud Commission, that the bonds were legal and received the endorsement of all the departments of the government of North Carolina. He read a number of cases to show that the Circuit Court had jurisdiction against the defendent, as Treasurer of the State, although not against the State, *eo nomine*.

He then proceeded to read the acts disposing of the special tax money raised by the act authorizing the issue of bonds, and urged that all such legislation was repugnant both to the Constitution of the United States and of North Carolina, and of no effect. He further contended that if the defendant could not be enjoined as Treasurer, he could be proceeded against individually for paying out the special tax money for general purposes.

To pursue the argument of the counsel in all its ramifications would bo impossible in the absence of a stenographic reporter.

Mr. Strong, in behalf of defendant, maintained these propositions:

I. That no relief could be granted against the defendant personally, inasmuch as the equity presented in the bill was for a payment of the debt out of the money in the Treasury, and no claim was therein made on him. The remedy asked for in the prayer was an injunction against him as an officer only, and to restrain him from doing official acts only, and that no redress was sought out of his personal means.

II. That the suit being against the defendant as Treasurer of the State used to restrain him in his official action was in substance, and in fact a suit against the State, and in direct violation of the 11th article of the amendments to the United States Constitution. That this principle was fully established by the cases of Governor of Georgia vs. Madeazo, 1 Peters U. S. Rep. 123 and the more recent case of Kentucky vs. Dennison 24 Howard 66.

III. That the State was a necessary party and no order could be made affecting the money in her Treasury, unless she was before the court, and as a State cannot be sued the relief must be denied. For which positions were cited as authorities, Coison vs. Millandon 19, How. 113, Green vs. Susan J. Cowles 171, and other cases.

IV. That the case of Osborn vs. Bond of the United States, which was commented on, fully sustained the defence as the injunction was then awarded before the fund passed into the State treasury, Chief Justice *Marshall* who delivered the opinion of the Court, saying:

"In the regular course of things the agent would pay over the money immediately to his principal and would thus place it *beyond the reach of the innocent party since his principal is not amenable to law.*

The case will be continued this morning. Messrs, Kemp P. Battle and Jno. Gatling arguing for the defendant, and R. C. Badger, Esq., for the plaintiff. It is not thought probable that the Hon. Reverdy Johnson, who also appears for the plaintiff, will speak before *Monday*, as the other counsel will doubtless occupy the attention of the Court to-day.

The petit jury was discharged until Monday.

THE CHARLOTTE FAIR.—We were present at the Fair of the Carolinas at Charlotte on Thursday, where we found a large outpouring of the people of the West. The number present on the Grounds was variously estimated at from eight to ten thousand persons.

We have not space to give a detailed description of the full and large exhibition of articles which was equal to that of any previous exhibition. The weather was delightful, something unusual for a Charlotte Fair, and no untoward circumstance happened to mar the success that crowned the efforts of the Society.

The first feature of the day was the speech of Hon. Dudley W. Adams, of Iowa, Master of the National Grange of the Patrons of Husbandry.

2nd. Presentation of the Cadets of the Carolina Military Institute. The presentation speech was made by Col. J. P. Thomas, the Superintendent, and was responded to by Gen. John A. Young. Both speeches in splendid taste. In the absence of Gen. Hampton, Col. Thomas delivered the address. Good speech and listened to attentively. At the conclusion of this, Hon. N. W. Woodfin, of Buncombe, was called for. He made a Grange speech of a half an hour's length.

THE RACES.

The following were the entries for the colt race of a mile dash, (colts three years old or younger):

Bird Catcher, by Mills, of Rutherford.

Lady Washington, by Jones, of Brooklyn, N. Y.

Baltimore Belle, by N. H. Trezevant.

Fanny Barton, by Davidson Alexder, Mecklenburg.

Inigo, by Col. Frank Cox, of Greenville.

Lady Washington got the pole, Inigo 2nd,, Fanny Barton 3rd, Baltimore Belle 4th, Bird Catcher 5th. At the first start the horses did not come up in proper position and were called back to the stand. Lady Washington came out half a length ahead of Belle of Baltimore, and won the race in 1.53¼. The Lady took the first money and the Belle the silver cup.

SECOND RACE.

Huntress, entered by John Twist, of New York, trotted against her own time, 2.35 was the specified time, she made the race in 2.30.

THIRD RACE.

For the trotting race, best three in five, the following entries weref made: Goshen Maid, by Trent, of New York: Spotted Tail, by ——— of Columbia; Circasian, by Owen Daly, of Columbia; Malsey, by Jacob Chambers, of Augusta. Six heats were run; Circasian retired from the track after the second heat; six heats were required to decide the race, which was won by Malsey—time 2:37¼; 2:40¾; 2:52½.

Malsey took the first money, $100; Goshen Maid, second, $25; Spotted Tail retired from the track at the end of the fifth heat.

A noticeable feature of the occasion was the large numbor of the members of the General Assembly present on the grounds, being a quorum of both Houses with their officers, excepting Lieutenant Governor Brogden.

A FAMINE IN IOWA.—We should as soon expect to hear of a famine in St. Domingo, and yet it appears that in Northwestern Iowa, which borders upon the arid Great Plains, and particularly in the counties of Lyon and Osceola, the suffering among the people has been very severe for lack of the actual necessities of life, caused by the utter failure of grain there last summer. It is even said that several women have died in the destitute district from actual starvation. But those portions of Iowa which are so well supplied with grain that the people know not what to do with it should at once send up the needed relief to the suffering northwestern corner of the State. It is a crying shame to the State that man, woman or child within its limits should be permitted to die of starvation.—*New York Herald.*

Mrs. Partington hearing Ike read that Roger A. Pryor thought we oughtn't to fight Spain because we had no *casus belli*, observed that it was high time we got one up, even if we stuffed, like they do in the pantry mimes.

Wm. A. O'Brien, a butcher, residing on the outskirts of Lynchburg, attempted suicide Tuesday evening by cutting his throat twice with a pocket-knife. Bad health was the cause of the rash act.

A Massachusetts life convict has whittled a miniature circus, containing 2,175 figures.

DIED.

PETTIGREW.—At Belgrade, his residence, Washington county, N. C., on Thursday, the 20th of November, 1873, after a long and painful illness of many years, which he bore with unshaken fortitude CHARLES LOCKHART PETTIGREW, in the 58th year of his age.

TURNER'S ALMANAC

It is undoubtedly the best publication of the kind in the State. There is none other to compare with it in point of useful information and general adaptation to the wants of our people.—[Carolina Watchman, Salisbury.]

* * * This Almanac is the most valuable now published in North Carolina and should be in every family.—[Tarboro Southerner.]

TURNER'S N. C. ALMANAC.—This is one of the most complete almanacs ever published in North Carolina, and contains features that others have never known.—[Christian Advocate, Raleigh.]

It is sold for 10 cents and is richly worth ten times the price.—[Warrenton Gazette.]

The department devoted to the annual State record of 1873, is a new feature of the Almanac that will commend it to popular favor everywhere.—[Daily Journal, Wilmington.]

It is a neat, well gotton up, useful, ornamental humorous practical, and scientific work, which ought to hang on a nail by the mantel piece of everybody, and if our merchants are as sharp as we think they ought to be, they will not hesitate to send for a supply for their customers.—[Western Indicator, Newton.]

The information in regard to the State and National Governments, their officers, &c., is worth more than the price of the Almanac.—[Charlotte Democrat.]

It is carefully calculated by Rev. Dr. Craven of Trinity College, and altogether forms such an interesting reference book for the Farmer, Merchant and others that they will be fully compensated in the small outlay of 10 cents a copy.—[Times, Newbern.]
